

Important information

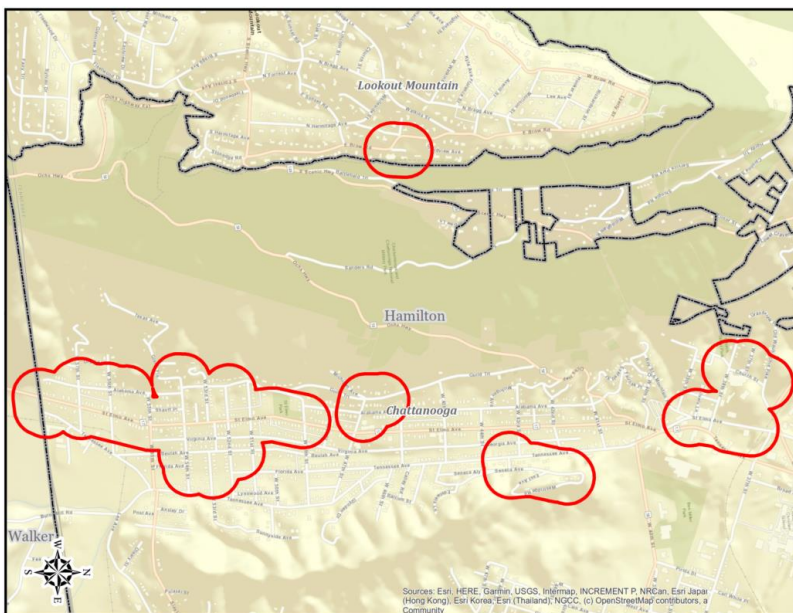

about inspection work in your area

Dear Customer:

In the coming days you will see Chattanooga Gas, or one of its trusted contractors, performing routine inspections in your neighborhood. Chattanooga Gas, along with its contractor Southeast Connections (SEC), will be inspecting underground facilities in your neighborhood.

Inspect Sewers

Sewer inspections are part of Chattanooga Gas' safety practices. If your sewer service is not accessible from the street, SEC will make contact with you to coordinate a sewer line inspection from inside your property. There will be no interruption to your natural gas or sewer service during the inspection unless repairs are needed. Vital information from the inspection will be marked on lawns and sidewalks with spray paint.

Chattanooga Gas is responsible for maintaining the underground system that safely carries reliable natural gas to homes and businesses in your area. We appreciate your patience and thank you for your understanding as we complete this important work.

TENNESSEE Avenue	

For your safety

All Chattanooga Gas employees will have AGL Resources or Southern Company Gas-issued ID cards, and all SEC employees will have SEC issued ID cards. All people working on this project will present ID cards, if requested.

Restore landscaping & pavement

We understand that you value the appearance of your property. If excavation activity is needed to complete our inspection, Chattanooga Gas will restore landscaping and paving impacted by our inspections to the condition in which we found it. Temporary restoration of some areas may be necessary until permanent restoration can be completed.

Our commitment

We take great care in implementing construction practices that limit disturbances and we understand your time is valuable. We appreciate your understanding and thank you for allowing us to continue to provide you with safe and reliable natural gas service.
